Palm Crosses

A basket has been placed at the back of the Church at St James for you to return your Palm crosses to be burnt on Ash Wednesday

Prayers this week

God of glory and grace,
We worship you joyfully.

You call the Church to be your light
In the darkness of the world,
A sign of hope for the age to come

By your Holy Spirit help us
To tell the Good News of Christ to
others to welcome those who will
believe

To reach out to all who are hurting,
And to work for your Kingdom to
come
On earth, as in heaven;

Through Jesus Christ, our Redeemer

Amen

SAINT JAMES GRAVEYARD.

As we continue to upgrade and care for this sacred space we reflect on how very fortunate we are to have our loved ones in our church grounds. There are not many churches these days that have such a privilege.

This space deserves our respect and regular care. There are some headstones that are regularly tended but there are many that are not. This is due to the fact that there are no relatives living in the area or the elderly who are no longer able to come to the graveyard except for a short visit.

I would like to form a new group called "Friends of the Graveyard". At this stage I would envisage we would aim to clean the headstones and clip the edges etc. two or three times a year. One would definitely be before Easter and one before Christmas and one other. If our group increases in numbers it would be great to care for this area more often.

It is a very pleasant task shared with others who value this area. Many of us would know a large number in the area where the headstones are for those whose Ashes have been interred.

Only recently I met with a relative who has an ancestor buried there and whose headstone was no longer visible but was just a few years ago. She knew the exact area and after some digging this was found which was great. She has expressed an interest in being part of the team I am suggesting so this, to me, is another form of outreach to our community.

I have also spoken with the council employee who heads the team responsible for the upkeep of our grounds and he is very keen to be involved. We have a wonderful working relationship with him.

If you are interested in joining this group or have other questions regarding the graveyard you could talk with the following at church or email:

Liz - wj.friend@xtra.co.nz , Margaret Miller - MillerMargaretM@outlook.com or Phil Gibbons – philip.gibbons46@gmail.com. I look forward to establishing this important group.

Te Awa Kairangi

The first display for 2023 features an article on Te Awa Kairangi (Hutt River). Greater Wellington regional council is seeking to widen a section of the river, giving it room to flow more naturally, reducing the flood risk and increasing its ecological health. It is intended that improved riverside parks will give people more room to explore, play and learn.

(From an article in Forest and Bird "Making room for rivers 2022")

Hiroshima's Lesson

Hiroshima's lesson notes 2020 is 75 years since the dropping of the first nuclear bomb. An article in New Scientist suggests the greatest threat to humanity's survival is humanity itself, what has been the learning in this regard from the Covid 19 pandemic.

Church waste reduction action

Auckland dioceses is on a project to reduce waste produced by church services, activities and events. The article gives a number of examples of the actions of some parishes (From an article in the Anglican, August 2022)

Now is the time

The president of Forest and Bird laments that Covid 19's ecological restrictions became a lost opportunity for an environmental reset. Note easing of emissions trading scheme, continued moving of goals, and conservation of water resources.
